Hemant Patel

President, Universal Stone

“I have used Tony Pearl (Ambassador Telecom) each time we have decided to switch phone providers. He does a fantastic job with bringing multiple options to the table while keeping us abreast of current market rates and the various strengths of each company as it pertains to our company goals. We look forward to working with Tony in the future.”

David Dean

Owner, deanIT, Inc.

“I have worked with Tony to provide several of my clients with phone and internet services. He does a fantastic job of learning the needs of the client and putting together a proposal that will meet their needs from both a performance and price standpoint. Whenever I need telecommunication services I always call Tony first.”

Doug Fogle

VP/Sales at Fogle Insurance Group

“Tony is one of the most professional thorough sales people I have worked with.

I would highly recommend him for any of your business needs.”

Derek Schott

Managing Director at netSafe Technologies

“I have worked with Tony on several projects and have been really impressed by his attention to detail, tireless work ethic and customer focus. Too often with projects, a small detail wipes out the success of a project and Tony adds the extra effort to make sure this does not happen.”
